Generate Power
with sigma solar.....

SIGMA & SPECTRA
Energy Solution Pvt. Ltd.

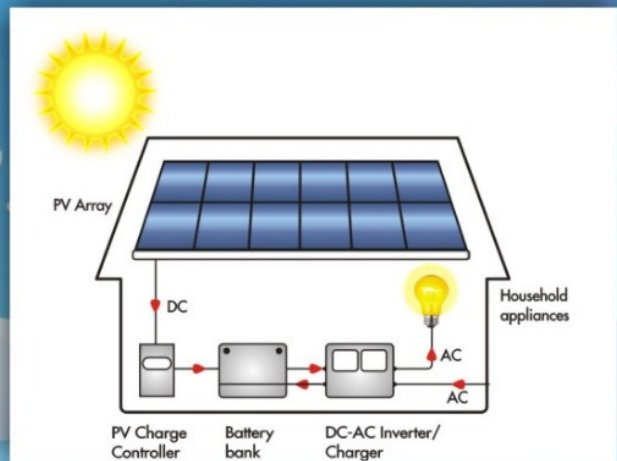

GRID TIED

Solar PV system connected to utility Grid
 Component : Solar Panel - Inverter - Power conditioning unit - Grid connection
 Integrated battery solution absent
 Net metering concept used
 Produced energy - Consumed energy = net meter bill
 inbuilt anti-islanding circuit in inverter
 No storage loss
 Ideal for city limits where continues supply of electricity present

OFF GRID

Solar PV System independent of Grid.
 Power conditioning unit
 Battery Storage
 Meter box
 Integrated Battery solution present
 Independent of Grid electricity
 Ideal for Farm, Farm House/Load Shedding areas, Industries, Bungalows

Commonly Used Area

Petrol Pump

Car Parking

Bakery & Hotel
